MEMORANDUM

TO: Board of Directors

DATE: August 17, 2021

FROM: Deborah Rumbaugh

RE: Policy 2195 Academic Acceleration

TYPE: Action Required

This is the second reading of new policy 2195 Academic Acceleration that is required by the state and details a pathway for academic acceleration for students.

RECOMMENDATION:

That the Board approves the Second Reading of Policy 2195 Academic Acceleration.

ACADEMIC ACCELERATION

The board recognizes the need for all high school students to have greater access to rigorous advanced courses, including dual credit programs. To that end, the district will automatically enroll students who meet or exceed the state standard on the eighth grade or high school English language arts or mathematics statewide student assessment in the next most rigorous level of advanced courses or program offered by the high school. Students may have circumstances that extend beyond the descriptions in this policy and will not be prohibited from enrolling in advanced courses.

The subject matter of courses or program in which students are automatically enrolled will be determined by the areas of the statewide assessment in which the student met state standards. Students who meet or exceed state standard on the English language arts statewide student assessment are eligible for enrollment in English, social studies, humanities, and other related subjects. Students who meet or exceed the state standard on the mathematics statewide student assessment are eligible for enrollment in advanced mathematics courses.

Beginning in 2021-2022 school year, students who meet or exceed the state standard on the Washington comprehensive assessment of science are eligible for enrollment in advanced courses in science.

Students who successfully complete the advanced courses will then be enrolled in the next most rigorous level of advanced courses that aligns with the student's high school and beyond plan, with the ultimate goal being the student's automatic enrollment in dual credit courses.

The district will notify students and parents/guardians regarding the academic acceleration policy and the advanced courses available to students. The district will provide the parent/guardian with an opportunity for the student to opt out of participation in the academic acceleration process and enroll in an alternative course or program that aligns with the student's high school and beyond plan goals.
